They should be Totals but I will double check.

We are expecting a round of comments and changes so please provide. These were meant to be auto updated and used for Joe Schmo public.

Are these total or dissolved metals?

Big thanks to you and your crew for getting these pulled together.

**Subject:** Fwd: Graphs

Ok. This is what we got.

We have no data from the 32 street bridge after Aug 6 so we did not add that graph. I assume it wasn't sampled.

The dotted line is a software issue, sorry.

The Durango lab hasn't reported Aug 7 results. They say tomorrow. Gold star to Dan Wall for pulling all the others when he did.

We have no Aug 9 yet results for Bakers Bridge and CC48.

Remember you can pull a reference map from Joan's first data update document.

Anything else tonight. I'd like to send my crew to sleep. They got the validation ball rolling....

M
